

The Director  
Central Intelligence Agency

Washington, D.C. 20505

23 April 1980

Dear Bob,

STAT It has been my pleasure for the past two and a  
STAT half years to have one of your fine Marines, Major  
STAT [redacted] on my staff [redacted]  
[redacted]

STAT I seek to continue to have a few young, intelli-  
STAT gent military officers such as [redacted] here in the Agency  
STAT for the energy, expertise, and perspective they offer  
STAT us. If you have a particularly capable Marine in  
STAT mind, I would very much like to have him either as  
STAT a direct replacement [redacted]  
STAT billet or in one of several other similarly responsible  
STAT positions within our newly formed National Intelligence  
STAT Council. Two Marines who I know would be excellent  
STAT candidates are [redacted]  
STAT [redacted] though I recognize that current assignments  
might preclude either of these officers being available  
this summer.

All the best.

Yours,

STANSFIELD TURNER

General Robert Barrow, USMC  
Commandant of the Marine Corps  
Washington, D.C. 20390
